

WOMEN'S STOWE SOLE

Vibram® Style #1705/1712

Women's Stowe

The Vibram® Women's Stowe was created for use on outdoor/casual footwear.

Design

Gives the rugged appearance of outdoor footwear. The Gumlite compound makes it an extremely comfortable casual sole.

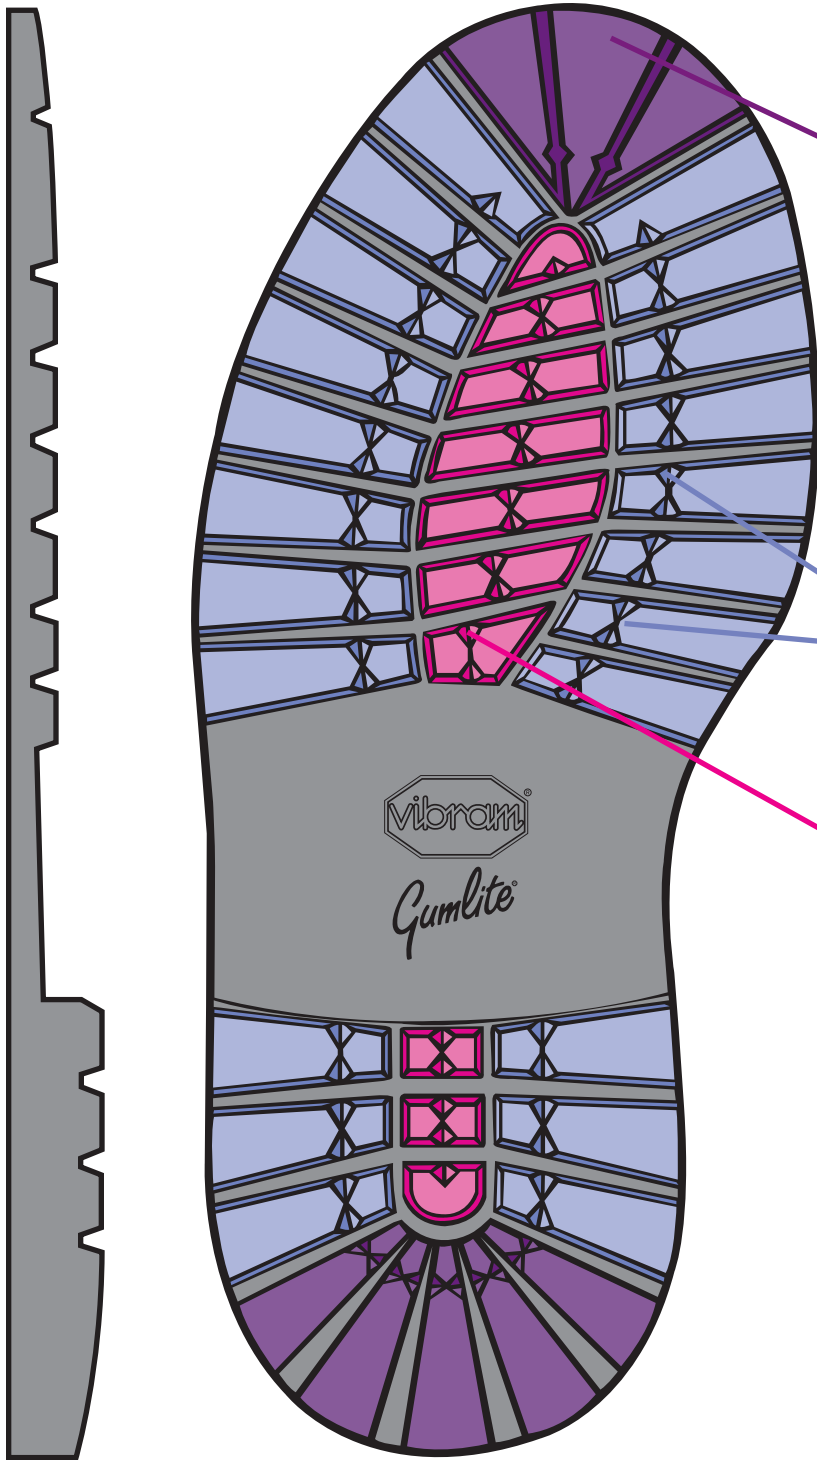

Compound

Vibram Gumlite® is a micro-cellular, synthetic compound that combines slip-resistance with the long-wearing characteristics of rubber, yet is half the weight.

Vibram Gumlite® maintains its physical properties and slip-resisting characteristics in cold weather. It is lightweight like EVA, yet longer wearing.

WOMEN'S STOWE SOLE

Larger lugs are close together for excellent durability, yet separate for enhanced grip.

Medallions of lugs are grooved for traction.

Lugs are angled to promote gripping and braking.

Vibram® yellow label trademark top quality compound.

VIBRAM® AND THE YELLOW OCTAGONAL LABEL ARE REGISTERED TRADEMARKS OF VIBRAM S.P.A. QUABAUG CORPORATION IS THE NORTH AMERICAN MANUFACTURER OF VIBRAM SOLING PRODUCTS UNDER EXCLUSIVE LICENSE.
